Product Specifications

RJ Crimping Tool

For Pass Through RJ-45 Modular Plugs

1. SUMMARY

The Primex Compact RJ Crimping Tool is designed for the professional installer and provides simultaneous crimping and trimming.

This crimping tool ensures quick and consistent connectorization for standard cable diameters. The rugged housing with replaceable cutters, seat, cut and terminate eight wires cleanly. Works with Primex Cat6, Cat6a, and Cat5e Snap Plugs.

2. DIMENSIONS

Size: H 5.7" / W 2.6" / D 0.8"

3. FEATURES & BENEFITS

- Pass through feature ensures wiring code adherence before crimping.
- Cat6a snap plug has staggered cable positions for reduced interference in high bandwidth applications.
- Multi-function for professional use.
- Built-in round cable cutter.
- Built-in stripper for round and flat cable.
- Built-in security lock for easy storage.
- Compatible with standard style modular plug connectors and 8P8C RJ45 Cat3/4/5/5e/6.
- Suitable for both TIA/EIA 568A/B standards.
- Not for use on AMP/TYCO plug.
- Trimmable boot accommodates cable diameters of 5.5mm to 7mm.
